3rd International Conference

Thursday 26th March

08:00-08:30h	Welcome and reception of attendees.
08:30-09:00h	Our work does not end with a healthy baby: fertility as a marker of general health and long term follow-up of ART mothers. Prof. Anja Pingborg (Denmark)
09:00-09:20h	Opening words. Dr. Amelia Rodríguez-Aranda (Spain)

OVARIAN STIMULATION AND ORGANIC INFERTILITY CAUSES

09:20-09:40h	Adjuvant therapies in low ovarian reserve. Where is the evidence? Prof. Nick Macklon (UK/Denmark)
09:40-10:00h	Is personalized ovarian stimulation useful? Dr. Sesh Sunkara (UK)
10:00-10:20h	Egg donation programs: should we aim the best possible results or the highest patient access? Prof. Antonio La Marca (Italy)
10:20-10:50h	Round table.
10:50-11:20h	Coffee break
11:20-11:40h	New evidences in sperm selection and male infertility treatment. Dr. Denny Sakkas (USA)

11:40-12:00h	Uterus transplantation; indications and emerging evidence of efficiency and safety. Prof. Mats Brännström (Sweden)
12:00-12:20h	Surgery for endometriosis: impact on ovarian stimulation. Dr. Pietro Santulli (France)
12:20-12:50h	Round table.

13:00-14:30h Lunch

SAFETY IN ART

14:30-14:50h	Too fast to IVF? What every patient needs to be asked before starting ART. Dr. Karinna Lattes (Spain)
14:50-15:10h	Elective single embryo transfer: what is the evidence supporting this recommendation? Dr. Demián Glujovsky (Argentina)
15:10-15:40h	How do you know that your IVF program is good? Dr. Michael Alper (USA)
15:40-16:10h	Round table.
16:10-16:40h	Coffee break
16:40-17:00h	Expanded Carrier screening in ART: who should we test, what should we test? Dr. Juan José Guillén (Spain)
17:00-17:20h	Safety starts with a healthy mother: addressing co-morbidities prior to IVF. Dr. Michel De Vos (Belgium)
17:20-17:40h	Non-invasive embryo evaluation. Do not touch – do not harm? Dr. Filippo Zambelli (Spain)
17:40-18:10h	Round table.

3rd International Conference

**Morning
Parallel session A
Friday
27th
March**

CONTROVERSIES IN ART

- 08:40-09:00h When is PGT-A useful?
Dr. Alan Penzias (USA)
- 09:00-09:20h PGT-A: what do we do with mosaic embryos?
Dr. Mina Popovic (Belgium)
- 09:20-09:40h Repeated Implantation failure: what disease it is anyway?
Dr. Edgardo Somigliana (Italy)
- 09:40-10:10h Round table.

10:10-10:40h Coffee break

- 10:40-11:00h Endometritis: a real cause of infertility or the latest commercial spin?
Prof. Ettore Cicinelli (Italy)
- 11:00-11:20h Can we diminish hypertensive disorders related to ART by means of natural cycle?
Dr. Christina Bergh (Sweden)
- 11:20-11:40h Luteal phase support: have we got it right yet?
Prof. Georg Griesinger (Germany)
- 11:40-12:00h Anonymity in gamete donation: a common answer for everybody needs?
Dr. Guido Pennings (Belgium)
- 12:00-12:30h Round table.
- 12:30-13:00h Selected oral presentations.

13:00-14:30h Lunch

**Morning
Parallel session B
Friday
27th
March**

NEW APPROACHES IN THE LABORATORY

- 08:40-09:00h Culture media effect on ART children.
Prof. Sebastiaan Mastebroek (The Netherlands)
- 09:00-09:20h Is extended culture per se harming embryos?
Dr. Kersti Lundin (Sweden)
- 09:20-09:40h When should we transfer in advanced maternal age women?
Dr. Denny Sakkas (USA)
- 09:40-10:10h Round table.

10:10-10:40h Coffee break

- 10:40-11:00h Which is the best way of preparing a semen sample to select highly motile sperm with low damage?
TBA
- 11:00-11:20h The perfect time in the lab: oocyte culture, denudation, and fertilization.
Dr. Aida Pujol (Spain)
- 11:20-11:40h Unexpected Fertilization Failures: diagnosis and treatment.
Dr. Rita Vassena (Spain)
- 11:40-12:00h When are sperm DNA fragmentation tests clinically useful?
Dr. Agustin García Peiro (Spain)
- 12:00-12:30h Round table.
- 12:30-13:00h Selected oral presentations.

13:00-14:30h Lunch

**Afternoon
Friday
27th
March**

DO WE KNOW WHAT ART PATIENTS AND CHILDREN NEED?

- 14:30-14:50h Is there a concordance between patients' needs and clinical research in ART?
Dr. Désirée García (Spain)
- 14:50-15:10h The male perspective in ART: knowledge, needs, and counselling.
TBA
- 15:10-15:30h The age of social genetics: how consumers have pierced the veil of anonymity.
Dr. Alan Penzias (USA)
- 15:30-16:00h Round table.

16:00-16:30h Coffee break

FUTURE PERSPECTIVES IN ART

- 16:30-16:50h Oocyte aging: is there anything we could do about it?
Prof. David Keefe (USA)
- 16:50-17:10h Mitochondrial manipulation and ART.
Dr. Filippo Zambelli (Spain)
- 17:10h-17:30h Human germline edition by CRISP/Cas.
Dr. Gustavo Tiscornia (Spain)
- 17:30-18:00h Round table.
- 18:00h Closing.
Dr. Rita Vassena (Spain)

Location

Barcelona (Spain)
